PLEASE DON'T MISS THESE TWO IMPORTANT MEETINGS

As Woody Allen said, '80% of life is showing up!'

November 19, 2008 – Coalition of Concerned Citizens ROCKFORT QUARRY INFORMATION EVENING, 7-9 PM at the Caledon Country Club, 2121 Olde Baseline Rd., Inglewood, L7C 0K7 (1 km west of McLaughlin Rd.). Admission is free.

December 10, 2008 – The Town of Caledon's PUBLIC MEETING, Caledon Community Complex, Caledon East (details TBD). Caledon Council receives input from the public about the proposed Rockfort application.

CCC's ROCKFORT QUARRY INFORMATION EVENING

The Coalition of Concerned Citizens is holding an Information Evening on Nov. 19 to bring the community and general public up to date on the Rockfort Quarry proposal -- what's been happening, concerns to both the local and wider community and what we all need to do going forward. The proposed Rockfort Quarry is not just a local issue. There could be far-reaching impacts.

It all comes down to what you VALUE!

The water from your well?
The water in your pond or stream?
The worth you have established in your home?
The safety of your roads?
The air?
The peaceful countryside?
The wildlife in that countryside?
The joy derived in seeing city folk enjoy our surroundings?
ALL OF THE ABOVE?

Attend the CCC Information Evening to discuss the final chapter in the ROCKFORT QUARRY saga. Miss it and there might not be much to value! Attend and there will be no regrets!

Spread the word about these important meetings!

Please tell your friends, members, relatives, neighbours and anyone you know that commutes through the area, hikes, bikes, fishes, canoes, skis, rides, visits, or simply appreciates and enjoys the scenic, rugged beauty of the area, and encourage them to attend these important meetings. It is not just the immediate area around Rockfort that will be threatened!

The battle continues!

The final Ontario Municipal Board Hearing is scheduled to begin May 25, 2009 and events leading up to it are extremely important. Visit www.coalitioncaledon.com for an update on the October 24th OMB pre-hearing, Site Plan peer reviews and key milestones in preparation for the final OMB Hearing.
